

# Fusionim

*One-click access to everything*

## You really can know everything...

DataWorks Plus' Fusionim will fuse all your criminal history together in one place without redundant storage and allow you to search your agency's databases systems with just one click. Fusionim makes it easier than ever to locate any information using only one system.

**Searches CAD, RMS, JMS, courts, warrants, state CCH and other systems**

**Designed to bridge state, county and city boundaries**

**Share criminal history with your agency only or between multiple agencies**

**Provide all criminal history information to investigators or officers in the field**

**Access real-time information from other law enforcement agencies**

**Includes integration to any DataWorks Plus product**

## DataWorks Plus
