

NIST Manager Plus

*Secure, Electronic
Fingerprint Archive*

Fingerprint Archive & Management

DataWorks Plus' NIST Manager Plus is an archiving system that electronically stores, forwards, retrieves, and prints ten-print cards and all associated data. NIST Manager Plus seamlessly interfaces with your live scan and booking systems. As records are created through your live scan, an electronic copy is automatically created within the NIST archive. The system allows you to search, view, edit, compare, or print any data that is stored on the NIST Manager Plus database.

Never File a Ten-Print Card Again...

- 24/7 access from any networked PC
- Eliminates need to print and manually file ten-print cards
- Store and forward to state or local AFIS
- Capture, import, and add ten-print record images from the live scan or flat bed scanner.
- Capture and add other images and data:
 - Fingerprints
 - Palm Prints
 - Photos
 - Demographic Data
 - Electronic Signatures
 - Document Images
- Use data to perform 1:1 and 1:N searches
- Side-by-side comparisons of fingerprints
- Search on any field
- Print single or dual-sided ten-print cards to FBI-certified printer
- Fully compliant with state and federal standards and requirements

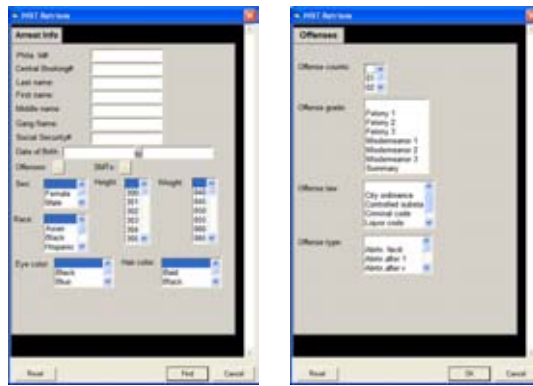

***Return on Investment in less than 1 year from
lower printing costs alone.***

DataWorks Plus

A Leader in Law Enforcement and
Criminal Justice Technology

NIST Manager Plus - - Secure Archive

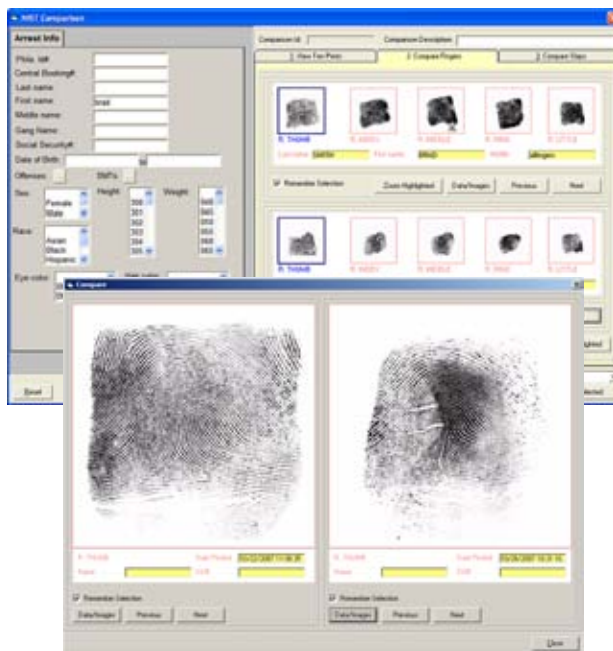

Search & Retrieve

Retrieve records by searching on any combination of data fields. Arrest numbers, dates, NCIC class, as well as any other available fields can be used.

Easy-to-Use Interface

Demographic data and the entire ten-print image array are presented in a unified display. If saved with the record, mugshots or other images may also be viewed.

Advanced Comparison

Compare ten-prints or individual fingerprints and slaps. Fingerprints can also be viewed side-by-side for a more detailed comparison.

DataWorks Plus is dedicated to providing the Law Enforcement and Criminal Justice Market with affordable, top of the line products and technology to improve the productivity, efficiency, and safety of officers and other staff. We offer solutions for mobile identification, inmate tracking, booking, crime scene data and image management, live scans, fingerprint archive, facial recognition, records management, and fusion centers.
